ABOUT US

India Fashion is a leading garment manufacturing company and export house based out of New Delhi, India.

The company was established over 35 years ago by Amarjit Singh Chadha; and is one of the few apparel manufacturing and export houses in North India that is completely vertically integrated.

The ISO 9001-2015 Certified Company is able to maintain control on processes, quality and compliance, which are critical factors in the industry, therefore acquiring a formidable reputation for quality control and superior workmanship.

With a total production area of over 120,000 square feet at its two state-of-the-art facilities and 1,000-strong staff, India Fashion has a production capacity of 3,000 units per day, which can be

seamlessly up scaled to 100,000 units a month depending on styles.

We make a constant effort of upgrading our facilities, enhancing technologies and skills to keep with the requirements of a very competitive global market and industry. Over the years India Fashion has partnered with leading fashion brands in the UK, USA and Europe; manufacturing a variety of merchandise with continuous finesse, quality and craftsmanship.

CAPACITY

Production Capacity varies from style to style depending upon the detailing or simplicity of the particular garment/garments. However on an average we can produce a 100,000 units per month.
